FOR IMMEDIATE RELEASE

Chris Donaldson joins Jones Computer and Networking

GREENSBORO, NC – February 18, 2008 – Chris Donaldson has joined Jones Computer and Networking as a technology consultant. Donaldson's responsibilities include working with clients to implement technology solutions and maintenance plans, and ensure a high level of customer service. He is the company's fifth employee and its third technology consultant. He will work with clients in Greensboro, Winston-Salem, High Point and other Triad locations.

Donaldson was previously employed with SNS Inc. in Kernersville, NC. He is a Microsoft Certified Professional and holds a BA from The University of North Carolina at Greensboro.

About Jones Computer and Networking

Jones Computer and Networking was founded in 2006 to provide small and medium-sized businesses with technology services -- from PC support and custom software solutions, to the implementation and maintenance of networks spanning multiple locations.
